Corte Altavilla is located inside the old town of Conversano, of a great artistic importance, within the controlled traffic area (ZTL).

For this reason we will ask you to read carefully the following information.

The old town has a great artistic importance and it is a pedestrian area and therefore a controlled traffic area. (ZTL).

Within this area, marked off by some passages, vehicles are not allowed to park, whereas the access is allowed in fixed hours; the hours are shown by the signs and by the traffic lights located at the passages.

The nearest access to Corte Altavilla is located in "Viale Adriatico", just in front of the Castle.

If you use the GPS device to reach our hotel, we advise you NOT to put our address (Vico Goffredo Altavilla) but Via Bari-Via Golgota corner (40°58'11.4"N/17°06'50.8"E), where the Eni petrol station is located, then you need to go up to the Castle Square along Corso Adriatico for 30 metres, passing by the parking place reserved to the residents of the old town to the access gate for the controlled traffic area (ZTL) (40°58'10.7"N/17°06'52.1"E).

The traffic light of the gate shows a green light with the sign "Aperto" (open) when the access is allowed, whereas they show a red light with the sign "Chiuso" (closed) when the access is not allowed.

The vehicles (cars and motorbikes) which pass through the access when the light is red are fined through the camera system. The camera registers the plate numbers of the vehicles that commit infractions.

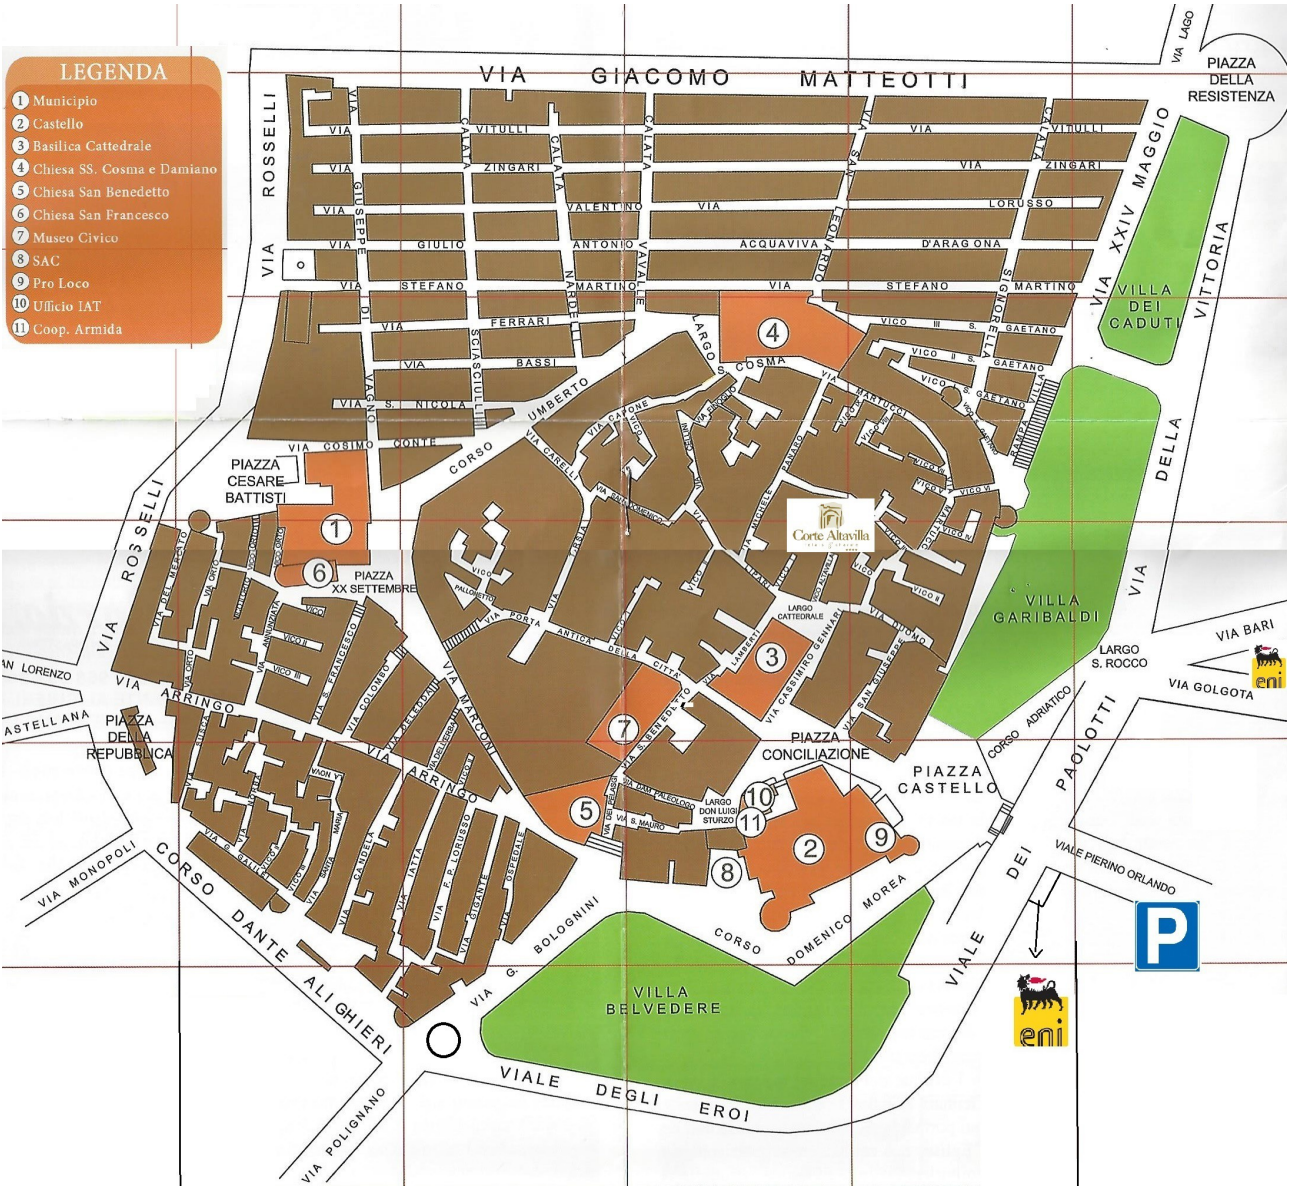

Guests of Corte Altavilla**** are allowed to enter even if the light is red only to drop the luggage on and off at arrival and departure. For this reason, we ask our guests to fill out a form upon arrival writing the type and color of the car and the plate number, in order to inform the Traffic Warden Office.

Once passed through the gate in Viale Adriatico (you are in Castle Square) you need to turn right and in 50 metres you will see the Cathedral Tower Bell in front of you; turn right again and you will reach the Cathedral main entrance. Corte Altavilla is located just opposite the Cathedral main entrance. If you do not follow these easy instructions, you could get lost inside the narrow and winding streets of the old town.

It is possible to park in the area with blue stripes located in front of the Castle, in Viale Adriatico, only from 09:00 to 13:00 and from 16:00 to 21:00 from October to April, from 09:00 to 13:00 and from 17:00 to 22:00 from May to September; in the other times the parking area is only reserved for the residents of the old town during the night.

Furthermore we have a private unsecured parking place located at about 300 metres in Viale Pierino Orlando, with an extra charge of € 8,00 per day. For the reservation you can call the reception.

The Reception is at your disposal for any information.
